# ANNUAL GENERAL MEETING

The CatsWA AGM will be held on Monday 16<sup>th</sup> January 2017.

Time: 7.00pm

Venue: CatsWA Office, Unit 3, 8 Royal Street, Kenwick

Notice of business for discussion must be lodged in writing with the Secretary or a duly appointed deputy not less than 21 days prior to the date of the annual general meeting and shall be placed on the agenda for the meeting. The last date for items to be added to the agenda is **9 December 2016**.

The current terms for Governing Council members are as follows:

Susan Goodall	Casual Term finishes end 2016
Deanne Kestel	Casual Term finishes end 2016
Lucy Nikiforos	Term Finishes end 2017
Janis Thompson	Term Finishes end 2017
Carole Galli	Term finishes end 2018
Michelle Harris	Term finishes end 2018
Maree Carle	Term finishes end 2018
Judy Kluczniak	Term finishes end 2018

CatsWA are seeking nominations for 2 Council members who have casual terms ending in 2016.

Governing Council provides leadership and ensures that the organisation continues to function. Being a member of Governing Council gives you the opportunity to work with other enthusiastic, committed people who share your love of cats. In a changing environment of Cat Laws and Regulations, there is a real opportunity to make a difference.

We are looking for 2 people who are prepared to commit themselves to a variety of tasks and are available to attend Governing Council Meetings once a month on Monday nights. Governing Councillors are involved in a variety of things and you could be invited to participate in any of the following:

- Running Cat Shows
- Reviewing policies
- Administration including attending the office
- Contributing to Cat Call
- Fundraising

Most Councillors would be expected to participate in at least one of the above, or other tasks that arise from time to time. Obviously as a volunteer, you would only be asked to do things within your capacity, but it is important that all Council members agree to participate.

Nomination forms are available on the CatsWA website at <http://www.fcc-wa.com/>

Nominations must be received at the CatsWA office by 17 October so that they can be included in the November Cat Call for election. If 2 or less nominations are received, direct appointment may apply.

That cats are “Obligate Carnivores”?

This means that they eat a meat-only diet. The digestive systems of cats have become specifically adapted to eating raw flesh and they have the shortest digestive tract compared to body size of almost any mammal.

Eating a meat-only diet provides some nutrients in their pre-formed state because the animal the meat comes from has already broken them down. Cats have lost the ability to make these amino acids and vitamins in their own bodies the way herbivores or omnivores do. For example, cats require vitamin A in its pre-formed state. They can't make it from beta-carotene the way humans or dogs or rabbits can. They also have little ability to form niacin from tryptophan. They have a high requirement for taurine, which is found almost exclusively in animal flesh. Simply put, cats must eat meat to live.

You can read more about cats as Obligate Carnivores at:

Show secretaries—this method does mean that the Show Points Coordinator needs to know the eligible cats in each category and also who the absentees are. A template of the above is available if this would make recording the information easier. Full results can be found on the CatsWA website.

## Vale Anne Knox

Anne Knox was a special friend. We met through our interest and love of cats in the early 1970's and remained close until her death. She died on the 13<sup>th</sup> August and her funeral was on the 22<sup>nd</sup> August in Fremantle. She would have been 91 on the 3<sup>rd</sup> November this year.

Anne loved her animals. She grew up on a property in South Australia, and married John Knox, who worked for the Shell Company, which is how she came to W.A. When Anne and I met, she was living in Cottesloe and her first Burmese came from Ron and Elisabeth Norris, ANJOU prefix. The Norris's went on holiday to America and Anne looked after some of their cats, and some remained with her after they returned. Over the years, she had Burmese, Devons, and finally Siamese.

I was living in Spearwood, when Anne moved to Wattleup, which is where she remained until she had a fall earlier this year and broke her hip. Being Anne, she recovered from that, and was transferred to a nursing home in Hilton. Unfortunately she had another fall and it was just too much, even for Anne.

Over the years, Anne and I were active members of the Burmese, Siamese and the R.A.R.E cat clubs, until times changed and the clubs found it difficult to continue. However, our friendship remained, and I shall miss her so much.

# Code of Conduct for all members

Did you know that CatsWA has a code of conduct? A code of conduct is really important because it acts as a guide and reference for all members. It helps to clarify CatsWA's values and principles and is a visible statement to the rest of the world what we stand for. Anyone who deals with CatsWA can look at our Code of Conduct and they will get a sense of who we are and what is important to us. Our Code of Conduct incorporates the standard of ethics that our breeders abide by and provides a reference point for Governing Council when they are dealing with any situations that may arise.

## 2 General Principles of Conduct

General principles to guide the behaviour of FCCWA members include that all members must:

- a) Act with reasonable care and diligence
- b) Act with honesty and integrity
- c) Act lawfully
- d) Avoid damage to the reputation of the FCCWA (Inc)
- e) Treat others with respect and fairness.
- f) Abide by any rules, regulations or guidelines as determined by FCCWA (Inc) including Breeding, Showing, membership of Governing Council or any other activity. Such regulations will be available on the FCCWA website.
- g) Comply with the WA Cat Act (2011) and any other relevant legislation.

## Pet Insurance

Pet insurance is popular these days. However, as with all types of insurance, there are lots of plans that are full of jargon and different options which can be difficult to interpret.

Having pet insurance might allow you to seek specialist treatment to provide the best level of care for your pet compared to what you may be able to afford if you have financial restrictions. You may want to consult one of the many veterinary specialists available now and having insurance could assist. However, if you have a pet that remains healthy, you may be paying annual premiums without making many claims or you may end up needing treatment for a pre-existing or excluded item so make sure you read the fine print!

The policy premium will be set according to age and breed. When a claim is made, the pet owner usually pays for the vet treatment up front and submits a claim to their insurer later. Some plans require you to pay a percentage of the fees with the rest being paid by the insurer. Others have a fixed excess or co-payment that is charged per claim regardless of the claim amount. Most plans need to start before the pet is 9 years old, otherwise cover is not provided.

Most pet insurance seems to be underwritten by the one or two of the major insurance companies, but there are some differences between plans so it is worth doing your homework if you are looking at insurance for your pet. Some do offer minor discounts for multiple pets, but when you are looking at insuring several animals, it gets very costly and other methods of "self insuring" (such as setting up your own account that you pay regularly into) may be more cost effective, although if you are unlucky enough to have a major medical incident then insurance may be a saviour.

You need to weigh up the costs and risks and there are some websites available that will help you compare including <https://www.choosi.com.au>. Many insurers now have pet insurance as part of their offerings so it may also be worth looking at your car or house insurer to see whether you can get a better price by combining funds.

## Looking for ways to get involved?

Why not join one of the clubs? CatsWA has several clubs, which are a great way to get to know people. Clubs run the shows and are always happy for people to come along and learn how a show works.

Great news, CatsWA Governing Council have voted to change the cage hire rate. In future, all CatsWA cages will be a flat \$5, regardless of size.

Any club news? Here is the place to list it.

Governing Council has recently approved an increase in the fees for re registration. The new fees apply from Jan 1 2017. Simple Re registration of WA cat for breeding remains at \$10.00, Interstate pedigrees \$25.00 and International Pedigrees \$50.00. This increase relates to the time required to input data and follow up any enquiries with Registrars from other associations.

Don't forget to keep an eye out on our website for news, updates and show schedules. Our kitten page, is an extension of the breeders directory, and helps to link those breeders who are registering kittens with potential kitten buyers.

# CatsWA Breeders Directory 2016

## CatsWA Registered breeders, please note:

If you would like to advertise in the Breeders Directory, please contact the CatsWA Office with your details. The cost for inclusion in the four issues of Catcall during the year is \$15.00 per entry. Alterations and updates that occur during the year are accepted at no extra cost. If you do not appear in this list and you think you should, please contact CatsWA Office. Only breeders who have registered kittens in the last 12 months will be listed. If you have had a break in breeding but are planning to resume, please contact the office to have your listing reinstated. [catswa@iinet.net.au](mailto:catswa@iinet.net.au)
