# COUNCIL CORNER NOVEMBER 2012

By Di Nixon  
Governing Council member

## YOUR GOVERNING COUNCIL

Over the past few months council has been working on updating our constitution. Two weekends were spent by council to go over this and get it ready for consultation with our members. Show rules were also on the agenda and are in the process of being updated. Again a long and lengthy process. Shows are now being run by Governing Council in most cases, as our clubs are struggling to have enough members to do shows in their own right.

## WELCOME NEW MEMBERS

Jackie and Kerry Greenall – Breeding Maincoons – Prefix to be advised

## STEWARDS TRAINING

FCCWA is currently looking to run a stewards training course. So if you wish to learn more about showing your cat, this is a wonderful way to do this. We will be hosting the Australian Cat Federation national show in 2015 so we need as many stewards as possible. Contact the office with your details and we will pass it on to the course coordinator.

## SHOW CAGES

Doubles currently in stock at a cost of \$50.00. Singles will hopefully be available in May at a cost of \$40.00.

## WANTED VOLUNTEER

Help is required to man the FCCWA office, on a Wednesday or Friday 10am to 2pm. Must have computer skill and above all maintain confidentiality.

## ACF National Show 2015

Every year the ACF stages a National Cat Show which attracts exhibits from all over Australia.

FCCWA will be hosting the show in 2015 and now is the time to start planning this big and exciting event.

Governing Council is seeking people who would be interested in being on the organising committee. You don't have to be an expert in running shows to participate. We will need people with a wide range of skills.

If you would like to be involved, or just find out more, please contact Carole Galli on [admin@roellencattery.com.au](mailto:admin@roellencattery.com.au)

## Constitutional and Show Rules Review

Over the years FCCWA has developed a Constitution and a set of Show Rules. They have served us well over the years, but in order to ensure continuous improvement it is important to review these documents from time to time to check whether changes are necessary.

DOCEP has developed model rules which may impact the constitution. In addition, the introduction of a website, the use of emails as a communication tool and the increase in popularity of owner-cages (for example) means that some of our rules need adjusting.

In addition, in our fast moving electronic world, some of the deadlines that were set in the past are no longer necessary or practical.

Governing Council have recently reviewed our rules and will be publicizing proposed changes over the coming months. Any amendments to the constitution must be done at an AGM or at a Special Meeting, so you will have the opportunity to vote on changes.

In the meantime, if you would like to know more, or if there is a particular rule that has been bugging you, please contact your Governing Council members or send an email to the office on [fcc\\_wa@bigpond.net.au](mailto:fcc_wa@bigpond.net.au)

# CATCALL

Feline Control Council

MAY 1988

F.C.C. of W.A.

20<sup>TH</sup> ANNIVERSARY

## Blast from the past

Thanks to Jane Horstman who provided these old Cat Call covers from 1988. If anyone knows who was editor back then, please send the information in an email to [lindilooh@inet.net.au](mailto:lindilooh@inet.net.au) and it will be published next edition.

Interesting to note that in 1988 it was FCCWA's 20th Anniversary, which means that it is our 35th Anniversary this year.

Also interesting is that on the back of the 20th Anniversary are the membership fees. A single membership was \$25 in 1988 and a junior was \$15. These days a Single is \$50 and a junior is \$25.

## Want an excuse to touch everyone else's kitty cats?

### Sign up now to become an FCCWA qualified steward

It is fun and a great way to learn more about all cat breeds whilst helping out at shows.

We are holding a training school at the FCCWA office over three evening sessions on

- Tuesday the 28<sup>th</sup> of May,
- Tuesday the 11<sup>th</sup> of June
- Tuesday 25<sup>th</sup> of June

The sessions will take approximately three hours and include a mix of theory, practical advice and cat handling.

After completing the training you will be able to steward at shows supervised by a qualified steward for a series of shows before becoming fully qualified.

Any member over sixteen years old can participate. You will need to register with Pamela who will provide you with some starting materials and what you will need for the first session.

## **Feeding Cats a Natural Diet**

The Cat family (felids) have evolved closely along side their canine counterparts, but have developed their own unique dietary requirements as a result of their own unique dietary intake. Cats, unlike dogs, are obligate carnivores, which means they must have meat in their diet to live (dogs can live on a vegetarian diet). Cats require significantly larger amounts of protein in their diet, as well as fats, and less carbohydrate and vegetable matter. Cats must have a dietary source of the amino acid taurine, which is only naturally found in meat (but easily destroyed by cooking), and the essential fatty acid arachidonic acid, also found in animal fats.

Cats have evolved as a finely tuned hunting machine, which parallels their need for fresh meat and animal fats in their diet. The structure of their bodies, teeth, claws, and digestive tracts are finely tuned to catch and process live prey. Cats, unlike dogs, will rarely touch carrion (old dead meat/carcass), and will not scavenge like dogs. They always prefer fresh meat/prey, and as such, are rarely poisoned or take baits. This is also why they can be fussy eaters, and will rarely be tricked into taking medication mixed in their food.

They have evolved to exist in the most arid environments (originally from Egypt), which is why they thrive in the Australian bush. Their urinary system has evolved to enable them to conserve water very effectively, producing a highly concentrated urine (the strong smell we all know well) and requiring only minute amounts of water each day. They do this by absorbing up to 80% of their water requirements from their live prey, and hence they need to drink very rarely. This is why I believe that the practice of feeding dry food rations to cats is totally wrong, and results in the high levels of urinary tract disorders and renal failure we see in cats today. Unless cats adapt quickly, and dramatically increase their water intake to compensate for the lack of moisture in the food, their urinary system is forced to produce more and more concentrated urine, which results in crystal formation, PH imbalance, and renal overload.

Cats are unable to properly cope with long term dry food intake, and will not live to their full potential on this type of ration, no matter how good or expensive the product.

So what should a modern cat eat? A diet based on high levels of fresh raw meats (high in protein and fat), with a correct balance of carbohydrate and vegetable matter. Because raw meat does not equal an entire carcass, complete with organs, digestive tract, bones and fur or feathers, additional supplements are required to "top up" the basic diet. Additional yeast, kelp, lecithin, calcium, and vitamin C can provide all the extra natural elements (vitamins, minerals, and trace elements) found in a natural live prey diet. It is important to remember that cats do ingest grass and other green matter as part of their natural diet, so this must be accounted for also, in the form of vegetables and wheat grass.

All these elements and necessary supplements are provided for in Vets All Natural Complete Mix for cats. The feeding chart is calculated on the higher need for raw meats and fat, and the mix itself is balanced to provide all the additional elements in the correct amounts. Naturally, many cats may put up a fuss if their regular food is changed, but if you are serious about good health and long life for your cats, persevere with the new diet and you will eventually convince your feline companions that fresh is best.

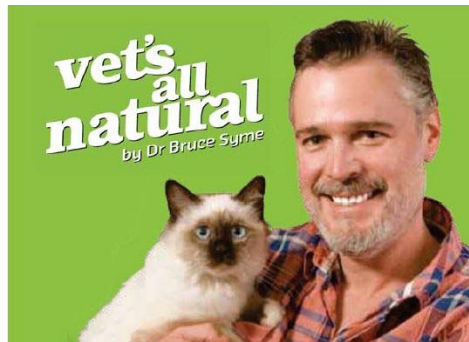

## Feeding Cats a Natural Diet (cont'd)

Note: for really fussy cats, try soaking the mix in chicken stock, and mix a few sardines in with the whole meal. Get them used to eating raw meat first, and add the mix gradually, over a week or so.

Vets all Natural have kindly agreed to sponsor the shows on 30 June 2013 and 21 July 2013. They will be sending along samples of their Vets All Natural Complete Mix for Cats for you to try. More articles can be found at [www.vetsallnatural.com.au](http://www.vetsallnatural.com.au)

## ACF NEWS

The ACF is the Australia Cat Federation and FCCWA is affiliated to the ACF at a National Level.

The AGM is held in June of each year over the weekend of the National Show. This year the National is being held in Adelaide and several FCCWA members will be attending.

The agenda for this year's AGM is huge with a wide range of issues being discussed. Carole Galli will represent FCWCA at the AGM and there will be reports of both the National show and outcomes from the AGM in the next issue of Cat Call.

Do you have something to tell us? Cat Call is your magazine and we welcome input from members. So if you have something to say then send an email to the office or contact Linda Horton on [lindiloooh@inet.net.au](mailto:lindiloooh@inet.net.au).

Next issue is due out in August 2013

## Cat Act 2011 Update

In December 2012 the Minister's Office released a set of regulations in support of the Cat Act 2011. Excluded from the regulations are a fee structure and the number of cats that Councils will allow members of registering organisations to keep.

You can view the regulations here: [Cat Regulations](#)

The issue of fees and the numbers of cats allowable to members of FCCWA is still being considered by the Minister for Local Government's Office and additional regulations are being worked on. From December 2012 until March 2013 the Government was in caretaker mode in preparation for the state election. The Liberal Party was returned, but with changes to the composition to the cabinet. The portfolio of Local Government was allocated to the member for Darling Range, Tony Simpson.

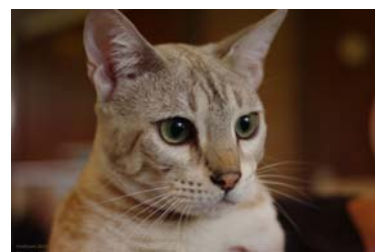

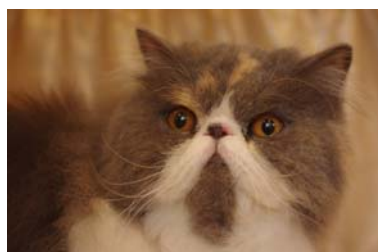

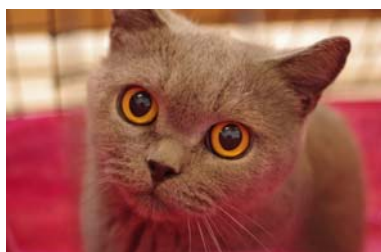

The Tripartite Cat Laws group has contacted Minister Simpson to reiterate our position. We have not received any formal response but have been assured by the Minister's staff that the Minister has been briefed on the Cat Laws and that the intent is still to introduce legislation that will set higher limits for breeders and show enthusiasts provided that they are financial members of one of the three prescribed organisations and are abiding by the appropriate codes of behaviour. This is scheduled to happen mid year, though given the delays so far, we will believe this when we see it. The issue of fees will be addressed at the same time.

To date, we have provided a considerable amount of information but we still have concerns because there has been little actual dialogue. However, we will continue to advocate on behalf of all three West Australian organisations and do our best to get our message through. Any further updates will be provided via Cat Call, the website or the Facebook Show page.

Some of the features of the Cat Bill that will directly impact FCCWA members were listed in the previous Cat Calls, but it is worth just highlighting some of them again:

You can find a copy of the Act at <http://www.parliament.wa.gov.au>

- All cats over the age of 6 months must be registered with the Local Government in the area that they live.
- All cats must wear registration tags in a public place unless they belong to a class of cats who are exempt.
- All cats over the age of 6 months old must be microchipped
- All cats over the age of 6 months old must be sterilised unless they are exempt. A cat that is kept for the purposes of breeding is exempt
- A person is not permitted to transfer ownership of a cat that is not sterilised unless the purchaser is an approved breeder. The cat must also be microchipped. If the cat is less than 6 months old, it may be transferred unsterilised provided that a voucher for sterilisation is part of the transfer.

# Looking for ways to get involved?

Why not join one of the clubs? FCCWA has several clubs, which are a great way to get to know people. Clubs run the shows and are always happy for people to come along and learn how a show works.

## Club News

**West Coast Cat Club** has had its AGM and has elected new office bearers. President is Greg Cox, Vice President: Robert Furnace, Secretary, Linda Horton and Treasurer Karen Brooksby. An enthusiastic committee is now working towards running a show at the beginning of November. Keep watching the website or Cat Call for more updates. Next meeting will be held as a lunch meeting on 16 June.

The **British Shorthair Cat Club** has purchased four adjustable height judging tables that have proved popular at recent shows.

Club secretaries: Please send any updates on your club activities for inclusion on this page.

Don't forget to keep an eye out on our website for news, updates and show schedules. Our new kitten page, which is an extension of the breeders directory, is up and running and helps to link those breeders who are registering kittens with potential kitten buyers.
