## **CAT OF THE YEAR**

The competition is fierce for Cat of the Year awards and with only 1 show left where you can earn points who knows who will take off the prizes?

Pamela Lanigan has kept the table up-to-date and results up to and including the BSH show on 8 August can be found on line on the FCCWA website (under shows and news).

However, results from the West Coast Cat Club and Wanneroo shows could turn those placings on their head, so come along to our Cat of the Year event at the Wandi Community Centre on Sunday January 19, 2014 for a relaxing and fun afternoon and announcement of the results for 2013. More information further in Cat Call.

# Annual General Meeting Monday 2nd December, 2013 7.30pm

At FCCWA office

Unit 3/8 Royal Street, Kenwick WA 6107

A big thankyou to all the Councillors who have contributed much of their time to the running of FCCWA. A special vote of thanks goes to Margaret Bush who finishes her term this year but has not renominated.

# Nominations for 2014 Governing Council

# Linda Horton

I have had cats all my life and have visited various shows over the years, , I have been officially involved with the Cat Fancy for 4 years. I own desexed cats and regularly participate in shows.

Over the past 4 years I have been on Governing Council for 2 ½ years and Vice President for 2 years. I am editor of Cat Call and coordinator for the FCCWA website, have been involved in continuous improvement in policies, procedures and the constitution, have been involved in fundraising activities and have taken on various roles in running shows including show secretary and show manager. I am also the convenor of the Tripartite Cat Group which has been the main liaison point between the Minister for Local Government and FCCWA, COAWA and ANCATS.

I would like to continue on Governing Council and believe that there is more work to be done as we support members through the implementation of the Cat Laws and continue to promote and grow membership of the Cat Fancy in WA

#### Michelle Powell

I have had cats for most of my life and have been involved in showing for over 12 months. My intention is to breed Persians and am researching and planning carefully before I start. I have been actively involved in shows and have assisted in admin and secured sponsorship for the West Coast Cat Club. I am also learning various roles such as trophy steward. I believe I will bring a fresh perspective to Governing Council and look forward to the opportunity to become more involved.

## **Greg Cox**

I have been a member of the FCC since 1999, and in that time I have breed Siamese, Orientals and Balinese, and since 2004 I was involved in breeding Maine coons. I have been involved with the Siamese cat dub and a founding member of the West Coast Cat Qub. I have also served on governing council and held the positions of president and Vice President and been very active in fundraising.

on the day so bring some gold coins.

The lunch is provided free of charge but please let Karen know if you wish to attend for Catering purposes.

# FCCWA Code of Conduct for all members

Did you know that FCCWA has a code of conduct? A code of conduct is really important because it acts as a guide and reference for all members. It helps to clarify FCCWA's values and principles and is a visible statement to the rest of the world what we stand for. Anyone who deals with FCCWA can look at our Code of Conduct and they will get a sense of who we are and what is important to us. Our Code of Conduct incorporates the standard of ethics that our breeders abide by and provides a reference point for Governing Council when they are dealing with any situations that may arise.

Below is the purpose and general principles of our code of conduct, but if you would like to read it in full, it can be found on our website <a href="https://www.fcc-wa.com">www.fcc-wa.com</a>

# Purpose of the Code of Conduct

- 1.1 To provide members of the Feline Control Council WA (Inc) with a framework for appropriate conduct. This includes behaviour towards other FCCWA members, judges, general community members and cats.
- 1.2 The core principles that underpin the organisation must be the welfare of all cats that fall within the scope of FCCWA and the protection of the integrity of FCCWA pedigrees
- 1.3 Incorporated in this Code of Conduct is a Code of Ethics for all members who wish to be recognised as Registered Breeders. All FCCW A Registered breeders must agree to uphold and respect this Code of Ethics in their actions and dealings within the Cat Fancy.

## 2 General Principles of Conduct

General principles to guide the behaviour of FCCWA members include that all members must:

- a) Act with reasonable care and diligence
- b) Act with honesty and integrity
- c) Act lawfully
- d) Avoid damage to the reputation of the FCCWA (Inc)
- e) Treat others with respect and fairness.
- f) Abide by any rules, regulations or guidelines as determined by FCCWA (Inc) including Breeding, Showing, membership of Governing Council or any other activity. Such regulations will be available on the FCCWA website.
- g) Comply with the WA Cat Act (2011) and any other relevant legislation.

# Reminder—Direct Deposit Payments

## **CODE OF CONDUCT UPDATE**

At the August 2013 meeting of the FCCWA Governing Council it was agreed to update the Code of Conduct to include the following clause:

4.20 Kittens or Cats sold or placed in a breeding program will be tested for known heritable genetic defects/ diseases by DNA tests available at the time. The purchaser must be made aware of the test results and if a cat/ kitten is identified as a carrier or affected the breeder/purchaser must provide FCCWA with a signed statement that they are aware of the results if they wish to proceed with the purchase/placement.

Collection of Bucal Swab for DNA testing

- Cat/kitten being tested must be microchipped PRIOR to sample being taken
- Cat/kitten name, registration number and microchip number must be noted on test results from the DNA Laboratory
- Person taking the swabs must sign a declaration stating the date, name, registration number and microchip number of the cat/kitten
- Test results and the declaration may be forwarded to the FCCWA so that the results are recorded on the health file of the registered cat/kitten

# DNA Testing – A tool for breeding and feline health

Feline DNA testing has advanced so far in the past few years. There is now a large array of tests available ranging for health traits and diseases to coat colour and length. You can use DNA testing as a tool to help you make better breeding decisions.

Testing your foundation cats means you will know if you are passing anything unhealthy down to their kittens. Some testing labs charge per test and some give you a range or results for a fixed fee. Not all labs do all tests.

In Australia the main lab is Animals DNA <a href="http://www.animalsdna.com/web/page/feline">http://www.animalsdna.com/web/page/feline</a>

Internationally there is the UC Davis University Lab http://www.vgl.ucdavis.edu/services/cat/

And CatDNAtest which is through the Texas A&M University together with CFA. <a href="http://www.catdnatest.org/index.html">http://www.catdnatest.org/index.html</a>

# **ACF National Show 2015**

Every year the ACF stages a National Cat Show which attracts exhibits from all over Australia.

FCCWA will be hosting the show in 2015 and preliminary planning has already begun for this big and exciting event.

Governing Council is seeking people who would be interested in being on the organising committee. The best thing you could do at the moment is to get involved in running local shows to gain some experience. You don't have to be an expert in running shows to participate. We will need people with a wide range of skills.

If you would like to be involved, or just find out more, please contact Carole Galli on admin@roellencattery.com.au

Did you know that our webmaster can create a banner for you one the FCCWA breeder's directory at a very reasonable cost? Charges are \$5 for a simple banner, \$10 for a more fancy one and \$15 if you want animations.

Please email lindilooh@iinet.net.au for more information.

If you have previously been with another registering organisation, don't forget to update your own website to show that you are now an FCCWA registered member!

#### **CAT FACTS**

The reason for the lack of mouse-flavoured cat food is due to the fact that the test subjects (cats, naturally!) did not like it.

Each year Americans spend four billion dollars on cat food. That's one billion dollars more than they spend on baby food!

A group of kittens is called a "kindle." A group of grown cats is called a "clowder."

Only domestic cats hold their tails straight up while walking. Wild cats hold their tails horizontally or tucked between their legs while walking

.Cat urine glows in the dark when a black light shines on it. If you think your cat or kitten has had an accident in your home, use a black light to find the mishap

The print on a cat's nose has a unique ridged pattern, like a human fingerprint

**Unsafe Toys For Your Cat** 

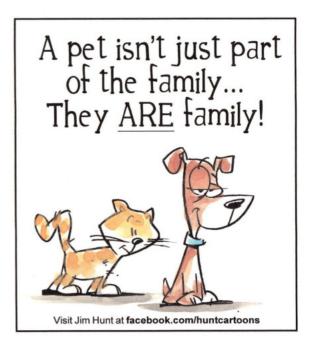

When selecting appropriate toys for your cat or kitten, think in terms of what would be safe for a human infant or toddler. Unfortunately, there are no regulations or cautionary statements on toys for pets. It is up to the pet owner to determine if the toy is suitable. If it can be swallowed, it is dangerous. The backward-pointing barbs on a cat's tongue make it difficult for the feline to remove items from its mouth. String, yarn, floss, ribbon, twine, rubber bands, bells, etc. can be swallowed and may cause severe injury to your playful pet. Check toys for glued-on decorations or trim that could come off and be swallowed. The eyes on some playthings can be especially hazardous. For example, one very popular toy, the small mice made of real fur, have eyes that are tacks and should be removed before the toy is given to the cat.

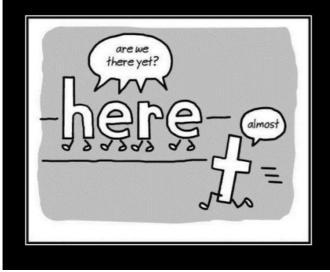

Keep in mind that while some toys, such as the milk bottle rings, may be perfectly safe for some cats, others that may have a penchant for chewing, may get into trouble with them. Know your cat and if in doubt, supervise playtime with the new toy. Play with feathered toys should always be supervised as an exuberant cat will chew the feathers and the shafts can become lodged in the cat's throat.

Generally, if you use common sense and provide safe, acceptable toys for your cat, the resulting mental and physical stimulation will produce a happier, healthier, pet.

# Cat Act 2011 Update

From 1 November 2013, the full Cat Act 2011 took effect and all cats that have reached 6 months of age must be microchipped, sterilised, and registered with the relevant local government unless they have an exemption as outlined in the Act.

Cats will be required to wear a collar and registration tag in public However, cats that are being shown are exempt.

Regulations in support of the legislation have been passed. The most recent regulations make transitional arrangements that provide that if a local government introduces a local law limiting cat numbers under the Act, a person who has more than the allowed number of cats may keep that number. However, the cats cannot be replaced (if one dies or is given away) until they are compliant with the allowed limit.

The Regulations also provide that if a local government has introduced a local law limiting numbers under the Local Government Act 1995 (so prior to the commencement of the Cat Act), the provision will allow owned cats to be kept. However, the cats cannot be replaced (if one dies or is given away) until the number of cats at the property is compliant with the limit.

The transitional arrangements mean that if a person wants to register more cats (that they own as at 1 November 2013) than a local laws allows, the cats will be accepted for registration.

Our members are still facing the issues that we have been asking about ever since the Act was passed. These relate to numbers, fees and the requirements that a Council may expect of a breeder.

#### Numbers

Members of prescribed cat organisations, including the Feline Control Council of Western Australia (inc) are allowed to have three times the number of cats that would be allowed if a local government limited cat numbers. This means that for Councils with a limit of 2 cats, our members are limited to 6, unless they apply in writing for higher numbers. There are provisions that allow for an application for additional cats. We expect that some Councils will be more accepting of this than others. There is an appeal process through the State Administrative Tribunal, but this is likely to be time consuming and costly, especially given that the approval for breeders is only given a year at a time.

#### **Fees**

The current fee for a breeder is \$100 per year per breeding cat. This is on top of the registration fee and so is a large cost for members to have to bear to maintain their hobby.

#### Requirements

As a member of FCCWA you cannot have your application refused unless you have been convicted against the Cat Act 2011, Dog Act 1976 or the Animal Welfare Act 2002 in the past three years. However, cat breeders may be subject to conditions placed on them by the local government. It is these conditions that are of concern. Many Councils seem to think that if you have 4 or more cats (whether you are a breeder or not) then you are running a cattery and so a range of conditions such as individual pens, impervious floors, specific plumbing and structures several metres from fence lines are imposed. However, many breeders and cat enthusiasts have their cats living with them in their house, have netted back gardens or aviary-like pens. Some of our members have been told that they will have inspections by both the planning and the health departments, though in some cases, Councils seem unclear as to what they are actually looking for

FCCWA is continuing to talk to the Department for Local Government about the problems that our members are encountering through the implementation of the Cat Act. There is a meeting scheduled with the Minister for Local Government on 19th November and we will discuss how things have been going so far. If you are having any specific issues with the Act, please send an email to <a href="mailto:lindilooh@iinet.net.au">lindilooh@iinet.net.au</a> outlining what is happening so that we can raise these with the Minister or with the Department.

During the course of the discussions regarding the Cat Act, FCCWA members have gained some concessions that are not available to pet owners. In our opinion, they have not gone far enough, but we need to acknowledge that we have been recognised as stakeholders. In order to maintain what we have and to continue the argument to improve the situation, we need to do the right thing. Now more than ever, all our members need to abide by the Code of Conduct. We also need to be mindful of what our personal limitations are and if we find ourselves getting into a situation where we are not able to cope, we must seek help. If you do find yourself struggling, talk to your Governing Council members and seek assistance before it becomes an issue.

Any updates on the progress of the Act will be given via Facebook or in the next edition of Cat Call.

Linda Horton—Convenor, Tripartite Cat Group

# Looking for ways to get involved?

Why not join one of the clubs? FCCWA has several clubs, which are a great way to get to know people. Clubs run the shows and are always happy for people to come along and learn how a show works.

#### **Club News**

The British Shorthair Cat Club has purchased four adjustable height judging tables that have proved popular at recent shows. They also have trestle tables that may be hired by other clubs.

West Coast Cat Club ran a photo competition at their recent cat show that proved very popular, attracting an entry of 50 photos. Thanks to Shonna Virtue Lema for the fantastic work she put in to organise this fun event.

Entries are still open for the Osborne Park Show cat show being run by the Southern and Siamese Cat Show. This show has limited numbers so get your entry in soon. Details on the FCCWA website or on Facebook in the West Australian Show Enthusiasts page.

Don't forget to keep an eye out on our website for news, updates and show schedules. Our new kitten page, which is an extension of the breeders directory, is up and running and helps to link those breeders who are registering kittens with potential kitten buyers.

# FCCWA Breeders Directory 2013

# FCCWA Registered breeders, please note:

If you would like to advertise in the Breeders Directory, please contact the FCCWA Office with your details. The cost for inclusion in the four issues of Cat call during the year is \$15.00 per entry. Alterations and updates that occur during the year are accepted at no extra cost. If you do not appear in this list and you think you should, please contact FCCWA Office.

Only breeders who have registered kittens in the last 12 months will be listed. If you have had a break in breeding but are planning to resume, please contact the office to have your listing reinstated.
